Question No. 8 Law Proposed by Initiative Petition

QUESTION 8
LAW PROPOSED BY INITIATIVE PETITION
 Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY

This proposed law would increase the portion of gasoline tax revenue that would be credited to the state Highway Fund; prohibit the transfer of money from the Highway Fund to other state funds for other purposes; declare that citizens have a right to a safe and efficient public highway, road and bridge system and require the state to develop a comprehensive seven-year state transportation plan; and make certain other changes in state finance laws relating to the Highway Fund.

The proposed law would require that the small portion of state gasoline tax revenues that is deposited in funds relating to the use of watercraft be deposited instead in the Highway Fund. No revenue deposited in the Highway Fund could be transferred to any other state fund for any purpose other than one for which the Highway Fund may be used.

The proposed law would declare that the citizens of Massachusetts have a right to a safe and efficient public highway, road and bridge system, constructed and maintained by the state and its counties, cities and towns. The state Secretary of Transportation and Construction would be required to prepare a comprehensive state transportation plan for the period July 1, 1995 through June 30, 2002, to be updated every three years. The plan would provide for the repair or reconstruction of at least five percent of public highways and bridges every year, and it would establish priorities for highway, road and bridge projects based on condition and safety factors. The plan would be designed to promote economic development and employment by meeting the various transportation needs of residents throughout the state. The plan would be prepared after a public hearing and after consultation with the state Secretaries of Environmental Affairs and Economic Affairs.

Under the proposed law, money in the Highway Fund would no longer be considered in determining whether the state government has sufficient money on hand to set some aside for use in future fiscal years or to deposit some in the state tax reduction fund. The proposed law would declare that no more than 15% of gasoline tax revenues could be used for mass transportation purposes, but it would not prevent the state Legislature from appropriating additional gasoline tax revenues for such purposes.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

Question No. 9 Law Proposed by Initiative Petition

QUESTION 9
LAW PROPOSED BY INITIATIVE PETITION
 Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY

This proposed law would prohibit rent control for most privately owned housing units in Massachusetts, and would nullify certain existing rent control laws, except that cities and towns would be authorized to adopt a restricted form of rent control for a six month period, after which compliance by property owners would be voluntary.

The proposed law would prohibit any city or town from enacting, maintaining or enforcing any law that requires below-market rents for residential properties. It would also prohibit the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control, if such regulation was part of a system requiring below-market rents. Existing state and local rent control laws would be nullified. The proposed law would not affect publicly owned or subsidized housing, federally assisted housing, or mobile homes.

Cities and towns would be authorized to adopt rent control for a six-month period on housing units that have a fair market rent of \$400 or less and that are owned by a person or entity owning ten or more rental units. Such rent control could not include the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control. The city or town would have to pay the owners of rent-controlled units the difference between the controlled rent and the fair market rent. After six months, owners of rent-controlled units would not be required to comply with the rent control regulation or with any other such regulation that the city or town might adopt in the future.

The proposed law would take effect on January 1, 1995. The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 1 LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 1996? **YES**
NO

SUMMARY

This proposed law would prohibit the use of certain traps for fur-bearing mammals, prohibit certain methods of hunting bear or bobcat, and eliminates some restrictions on who may serve on the state Fisheries and Wildlife Board.

The proposed law would prohibit the use, setting, manufacture, or possession of any trap to capture fur-bearing mammals, except common mouse and rat traps, nets, and box or cage traps that confine a whole animal without grasping any part of it. Traps designed to grip an animal's body or body part, such as steel jaw leghold traps, padded leghold traps, and snares, would be prohibited. Federal and state health officials could use such traps in case of a threat to human health or safety. Where a property owner had reasonably tried but failed to correct an animal problem on the property using a legal trap, the owner could apply for and the state Director of Fisheries and Wildlife could issue a permit to use a prohibited type of trap, except a leghold trap, for up to 30 days to correct the problem.

A person violating any of these requirements could be punished by a fine of between \$300 and \$1000, or imprisonment for up to 6 months, or both, for each prohibited trap and each day of violation. A person convicted for a second violation would be required to surrender, and could never again obtain, any trapping license or problem animal control permit.

The proposed law would also prohibit the pursuit or hunting of bear or bobcat with the aid of a dog or dogs. Hunting bear using any type of bait, lure, or attraction, or knowingly hunting bear in a baited area, would also be prohibited. The Director could allow the use of dogs or bait in legitimate scientific research projects and in order to control particular animals that posed a threat to human safety or that destroyed livestock, property, or crops.

Violators could be punished by a fine of between \$300 and \$1000, or imprisonment for up to 6 months, or both, for each violation. A person convicted for a second violation would be required to surrender, and could never again obtain, any hunting and dog training licenses and permits.

The proposed law would eliminate the requirement that five members of the state Fisheries and Wildlife Board have held sporting licenses in the state for five consecutive years and that four members represent fishing, hunting, and trapping interests.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

A **YES VOTE** would prohibit the use of certain traps for fur-bearing mammals, prohibit certain methods of hunting bear or bobcat and eliminate some restrictions on who may serve on the Fisheries and Wildlife Board.

A **NO VOTE** would make no change in the trapping or hunting laws, and would retain restrictions on who may serve on the Fisheries and Wildlife Board.
