QUESTION 2 - PROPOSED AMENDMENT TO THE CONSTITUTION

QUESTION 2: Proposed Amendment to the Constitution

Voting By Incarcerated Felons

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the two houses on July 29, 1998 (years 135 - rays 34), and again on June 28, 2000 (years 144 - rays 43)?

A YES VOTE would amend the constitution to limit the voting rights of incarcerated felons. **A NO VOTE** would make no change in the voting rights of incarcerated felons.

This proposed constitutional amendment would prohibit persons who are incarcerated in a correctional facility due to a felony conviction from voting in elections for governor, lieutenant governor, state senator, or state representative. The amendment would also result in such persons being ineligible to vote for governor's councillor, secretary of state, state treasurer, state auditor, state attorney general, or United States senator or representative in Congress.

QUESTION 3 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 3: Law Proposed by Initiative Petition

Dog Racing

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2007?

A YES VOTE would prohibit dog races where betting or wagering occurs. **A NO VOTE** would make no change in the laws governing dog racing.

This proposed law would prohibit in Massachusetts any dog racing or racing meeting where any form of betting or wagering on the speed or ability of dogs occurs.

The State Racing Commission would be prohibited from accepting or approving any application or request for racing dates for dog racing.

Any person violating the proposed law could be required to pay a civil penalty of not less than \$20,000 to the State Racing Commission. The penalty would be used for the

Commission's administrative purposes, subject to appropriation by the state Legislature.

All existing provisions of the part of the state's General Law concerning dog and horse racing meetings would be interpreted as not applying to anything dog-related.

The proposed law would take effect on June 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

QUESTION 4 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 4: Law Proposed by Initiative Petition

Income Tax Rate Reduction

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2007?

A YES VOTE would reduce the state personal income tax rate in steps over three years to 5%. **A NO VOTE** would make no change in the state income tax laws.

This proposed law would repeal the law setting the state personal income tax rate on Part B taxable income (such as wages and salaries), which was 5.95% as of September 1, 1999, and would set the rate at 5.6% for tax year 2001, 5.3% for tax year 2002, and 5% for tax year 2003 and after. If the Legislature set

a lower rate for any of those years, that lower rate would apply.

The proposed law states that if any of its parts were declared invalid, the other parts would remain in effect.

QUESTION 5 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 5: Law Proposed by Initiative Petition

10

Health Insurance and Health Care

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

A YES VOTE would require health insurance carriers to guarantee certain rights to their patients and providers, and it would prohibit the conversion of non-profit hospitals, HMOs, and health insurers into for-profit entities until a system is created to provide comprehensive health care coverage for all Massachusetts residents.

A NO VOTE would make no change in the laws governing health insurance and health care.

This proposed law would set up a state Health Care Council to review and recommend legislation for a health care system that ensures comprehensive, high quality health care coverage for all Massachusetts residents. Until the Council decided that such a system had been set up, the proposed law would prohibit the conversion of non-profit hospitals, health maintenance organizations (HMOs), and health insurance firms to for-profit status. The proposed law would also require health insurance carriers to provide certain rights to patients and health care professionals, starting January 1, 2001.

The Council would recommend laws to set up, and would decide whether laws had been passed to ensure, a health care system that provides:

- barrier-free access to health care services;
- patients' freedom to choose their health care providers, get second opinions, and appeal denials of care;
- health care professionals' freedom to act solely in the best interest of their patients;
- affordable coverage, with cost increases no greater than national averages;
- preserving and increasing the quality of care and encouraging research;
- at least 90% of all premiums to be used for patient care, public health, and training/research, and no more than 10% for administrative costs, with simpler paperwork and administration;
- a prohibition of financial incentives that limit patient access to health care, and limits on incentives for inappropriate care.

The Council would include 17 members representing health care and other organizations. It would hold public hearings, study proposals, and make recommendations to the state Commissioner of Public Health and the Legislature on laws and other steps needed to set up a system meeting the above requirements. The proposed law would also create a special legislative committee, including legislators and members of the Council, to make recommendations by September 30, 2001, for laws to set up a system meeting the above requirements by July 1, 2002.

Starting January 1, 2001, the proposed law would require health insurance carriers to guarantee certain rights to their insured patients and to health care professionals. These rights would include:

- patients' right to choose all of their health care providers, subject to the approval of a freely chosen primary care provider who has no financial incentive to deny care, and subject to payment of a reasonable extra fee to see a provider outside the carrier's network;
- health care professionals' right to make medical decisions in consultation with their patients;
- patients' right to transitional insurance coverage when they are undergoing a course of treatment from a health care provider whose contract with a carrier is being terminated;
- patients' right to medically necessary referrals to specialists;
- limits on and disclosure of contracts between carriers and health care providers that create financial incentives to delay or limit care or provide inappropriate care;
- health care professionals' right to discuss health benefit plans with insured patients and to advocate on behalf of their patients;
- carriers could not terminate health care providers' contracts without cause;
- patients' right to receive emergency services, subject to authorization procedures, and to be reimbursed when they pay cash for emergency services from providers not affiliated with their carrier;
- utilization review procedures that meet specific standards, including patients' right to appeal to the Commissioner of Public Health;
- in any year at least 90% of a carrier's Massachusetts revenue must be spent on Massachusetts health care, and a carrier that spent more than 10% for non-health care purposes would have to refund the excess to its insured patients. Each carrier would have to report its revenues, premiums, and expenditures to the state Commissioner of Insurance every year.

The proposed law states that it would not interfere with any existing contract, including contract terms (such as automatic renewal or option clauses) that may go into effect after January 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

QUESTION 6 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 6: Law Proposed by Initiative Petition

12

Tax Credit for Tolls and Motor Vehicle Excise Taxes

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

A YES VOTE would allow a state personal income tax or corporate excise tax credit for Massachusetts tolls and motor vehicle excise taxes.

A NO VOTE would make no change in the state tax laws.

This proposed law would allow a state personal income taxpayer a tax credit equal to the amount of tolls the taxpayer paid during the taxable year on all Massachusetts roads, highways, tunnels, and bridges, including the Massachusetts Turnpike and its Boston Extension, the Tobin Bridge, and the Sumner, Callahan, and Ted Williams Tunnels. Also, a corporation would be allowed a credit against its corporate excise taxes in an amount equal to all such tolls paid during the taxable year by the corporation or by its employees in furtherance of the corporation's business.

The proposed law would also allow a state personal income taxpayer a tax credit equal to the amount of excise taxes on registered motor vehicles the taxpayer paid during the taxable year. A corporation would be allowed a credit against its cor-

porate excise taxes in an amount equal to all registered motor vehicle excise taxes the corporation paid during the taxable year.

The tax credits could not be used to reduce a personal income taxpayer's taxes below zero or a corporate excise taxpayer's taxes below the minimum levels set by state law. Any amount of tax credit not usable in a taxable year because of these limits could be carried over and used in later taxable years, for up to ten years.

The proposed law would apply to taxable years beginning on or after January 1, 2001. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

QUESTION 7 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 7: Law Proposed by Initiative Petition 14

Tax Deduction for Charitable Contributions

Do you approve of a law summarized below on which no vote was taken by the Senate or the House of Representatives before May 3, 2007?

A YES VOTE would create a state income tax deduction for charitable contributions. **A NO VOTE** would make no change in the state income tax laws.

This proposed law would allow taxpayers who give to charity a state personal income tax deduction for those charitable contributions. A taxpayer could take a deduction from any Part B income, including wages and salaries, of an amount equal to his or her charitable contributions for the year. The taxpayer could take the deduction whether or not the taxpayer itemized deductions on his or her federal income tax return. The proposed law would apply to any contribution that met the definition of charitable contribution used under federal income tax law. The proposed law would apply to taxable years beginning on or after January 1, 2001.

Yes

No

QUESTION 8 - LAW PROPOSED BY INITIATIVE PETITION

QUESTION 8: Law Proposed by Initiative Petition 15

Drug-Dependency Treatment and Drug-Crime Fines and Forfeitures

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2007?

A YES VOTE would change state laws governing drug-dependency treatment and fines paid and money and property forfeited in connection with drug crimes. **A NO VOTE** would make no change in the laws governing drug-dependency treatment and fines and forfeitures based on drug crimes.

This proposed law would create a state Drug Treatment Trust Fund, to be used, subject to appropriation by the state Legislature, solely for the treatment of drug-dependent persons. The Fund would include fines paid under the state's criminal drug laws; money forfeited because of its use in connection with drug crimes; and the proceeds from selling property forfeited because of its use in connection with drug crimes. The Fund would be administered by the state's Director of Drug Rehabilitation. Money in the Fund would be spent to increase, rather than replace, existing government funding for drug treatment programs. Those programs would be expanded to apply to persons who are at risk of becoming drug-dependent and to include drug abuse prevention through education. The proposed law would expand eligibility for the program under which a person charged with a drug crime may request a court finding that he is drug-dependent and would benefit from court-monitored treatment. If the court so finds, and the person then successfully completes a treatment program, the criminal charges are dismissed. The proposed law would allow requests to enter this program by persons who are at risk of becoming drug dependent and by persons charged with a first or second offense of manufacturing, distributing, or dispensing a controlled substance, or possessing a controlled substance with the intent to do any of those things, or trafficking 14 to 28 grams of cocaine. The proposed law would change the state law governing forfeiture of money and property used in connection with drug crimes. Land and buildings could not be forfeited if used in a manner that was merely incidental to a drug crime. The state would have to prove by clear and convincing evidence that money or property was subject to forfeiture, and the property owner could then try to prove by a preponderance of the evidence that the money or property was legally exempt from forfeiture. All forfeited money, instead of being divided between the prosecuting agency and responsible police department and used for law enforcement purposes, would be put in the Fund. All forfeited property, instead of being so divided and used, would be sold and the proceeds put in the Fund. Records of all state and local forfeiture activities would have to be kept and made public unless harm to law enforcement efforts would result. The state Inspector General could audit and investigate these activities. Any official who concealed or diverted any forfeited money or property could be punished by a fine of up to \$1000, imprisonment for up to one year, or both. The proposed law states that if any of its parts were declared invalid, the rest of the law would remain in effect.

<u>Question #1 - Law Proposed by Initiative Petition</u>												

**QUESTION 1
LAW PROPOSED BY INITIATIVE PETITION**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 2002?

SUMMARY

This proposed law would provide that no income or other gain realized on or after July 1, 2003, would be subject to the state personal income tax. That tax applies to income received or gain realized by individuals and married couples, by estates of deceased persons, by certain trustees and other fiduciaries, by persons who are partners in and receive income from partnerships, by corporate trusts, and by persons who receive income as shareholders of "S corporations" as defined under federal tax law. The proposed law would not affect the tax due on income or gain realized before July 1, 2003.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would eliminate any state personal income tax for income or other gain realized on or after July 1, 2003.

A NO VOTE would make no change in state tax laws.

Question #2 - Law Proposed by Initiative Petition

**QUESTION 2
LAW PROPOSED BY INITIATIVE PETITION**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 2002?

SUMMARY

This proposed law would replace the current state law providing for transitional bilingual education in public schools with a law requiring that, with limited exceptions, all public school children must be taught English by being taught all subjects in English and being placed in English language classrooms.

The proposed law would require public schools to educate English learners (children who cannot do ordinary classwork in English and who either do not speak English or whose native language is not English) through a sheltered English immersion program, normally not lasting more than one year. In the program, all books and nearly all teaching would be in English, with the curriculum designed for children learning English, although a teacher could use a minimal amount of a child's native language when necessary. Schools would be encouraged to place in the same classroom children who are from different native-language groups but who have the same level of English skills. Once a student is able to do regular schoolwork in English, the student would be transferred to an English language mainstream classroom. These requirements would not affect special education programs for physically or mentally impaired students or foreign language classes for children who already know English.

Parents or guardians of certain children could apply each year to have the requirements waived, so as to place their child in bilingual education or other classes, if the parents or guardians visit the school to be informed, in a language they can understand, about all available options. To obtain a waiver, the child must either (1) already know English; or (2) be at least 10 years old, and the school principal and staff believe that another course of study would be better for the child's educational progress and rapid learning of English; or (3) have special physical or psychological needs (other than lack of English skills), have already spent 30 days in an English language classroom during that school year, the school principal and staff document their belief that the child's special needs make another course of study better for the child's educational progress and rapid learning of English, and the school superintendent approves the waiver. If 20 or more students in one grade level at a school receive waivers, the school would have to offer either bilingual education classes providing instruction in both the student's native language and English or classes using other generally recognized educational methodologies permitted by law. In other cases, a student receiving a waiver would have to be allowed to transfer to a school offering such classes.

Question #2 Continued	658	856	732	2246	865	1212	1141	3218 3219	1152	1152	1239	3543	

A parent or guardian could sue to enforce the proposed law and, if successful, would receive attorney's fees, costs and compensatory money damages. Any school employee, school committee member or other elected official or administrator who willfully and repeatedly refused to implement the proposed law could be personally ordered to pay such fees, costs, and damages; could not be reimbursed for that payment by any public or private party; and could not be elected to a school committee or employed in the public schools for 5 years. Parents or guardians of a child who received a waiver based on special needs could sue if, before the child reaches age 18, they discover that the application for a waiver was induced by fraud or intentional misrepresentation and injured the child's education.

All English learners in grades kindergarten and up would take annual standardized tests of English skills. All English learners in grades 2 and up would take annual written standardized tests, in English, of academic subjects. Severely learning disabled students could be exempted from the tests. Individual scores would be released only to parents, but aggregate scores, school and school district rankings, the number of English learners in each school and district, and related data would be made public.

The proposed law would provide, subject to the state Legislature's appropriation, \$5 million each year for 10 years for school committees to provide free or low-cost English language instruction to adults who pledged to tutor English learners.

The proposed law would replace the current law, under which a school committee must establish a transitional bilingual education program for any 20 or more enrolled children of the same language group who cannot do ordinary classwork in English and whose native language is not English or whose parents do not speak English. In that program, schools must teach all required courses in both English and the child's native language; teach both the native language and English; and teach the history and culture of both the native land of the child's parents and the United States. Teaching of non-required subjects may be in a language other than English, and for subjects where verbalization is not essential (such as art or music), the child must participate in regular classes with English-speaking students.

Under the current law, a child stays in the program for 3 years or until the child can perform successfully in English-only classes, whichever occurs first. A test of the child's English skills is given each year. A school committee may not transfer a child out of the program before the third year unless the parents approve and the child has received an English-skills test score appropriate to the child's grade level. A child may stay in the program longer than 3 years if the school committee and the parent or guardian approve. Parents must be informed of their child's enrollment in the program and have the right to withdraw their child from the program.

The proposed law's testing requirements would take effect immediately, and its other requirements would govern all school years beginning after the proposed law's effective date. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would require that, with limited exceptions, all public school children must be taught English by being taught all subjects in English and being placed in English language classrooms.

A NO VOTE would make no changes in English language education in public schools.
