Question No. 7	<p>LAW PROPOSED BY AN INITIATIVE PETITION: Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 182-49, and on which no vote was taken by the Senate before May 5, 1976?</p> <p>SUMMARY: The proposed act would impose a general requirements that every electric utility company charge a uniform rate per kilowatt hour of electricity. The proposed act would except from this general rule rates charged to other electric utility companies and to residential customers who heat their principle place of residence by electricity. The Act would also permit a different rate to be charged residential customers for the first three hundred (300) kilowatt hours they consume each month, and would authorize "peak load" pricing whereby a higher rate than the uniform rate per kilowatt hour may be charged during the periods of the day or seasons of the year when consumption of electricity is the greatest. The Act would authorize the Department of Public Utilities to issue implementing rules and regulations and provides for enforcement.</p>

SUMMARY: Although the City Charter has been amended since 1899, there has not been a substantial revision of the Charter since that date and this non-binding advisory question placed on the ballot by the Board of Aldermen and the Mayor seeks to obtain a sense of the people about whether a committee should or should not be established to begin a revision of the city's charter.

Question No. 1 PROPOSED AMENDMENT TO THE CONSTITUTION. Do you approve of the adoption of an amend-														
to the Constitution summarized below, which was approved by the General Court in joint														
sessions of the House of Representatives and Senate on May 28, 1975, by a vote of														
220-53, and on September 7, 1977, by a vote of 243-20?														
SUMMARY: The proposed constitutional amendment would permit the legislature to estab-														
lish as many as four different classes of real property for tax purposes. Property														
in any one class would be required to be assessed, rated and taxed proportionately														
but property in different classes could be assessed, rated and taxed differently. The														
legislature could grant reasonable exemptions. The constitution presently requires														
all property (other than wild lands, forestlands, and certain agricultural and hor-														
ticultural lands,) to be assessed and rated equally at full value for tax purposes.
